Explore the coverage that helps you protect your income and your lifestyle.

What is Short Term Disability Insurance?

Short-Term Disability (STD) insurance can help replace a portion of your income during the initial weeks of a disability to help you pay your bills and help maintain your current lifestyle. It helps by protecting you, and your income if a sickness or accidental injury keeps you from working. The plan is being made available to you through your employer and with the convenience of payroll deduction.

Why Should I Consider Short-Term Disability Insurance?

While most people typically insure their lives and other material assets like homes or automobiles, many overlook the need to protect one of their most valuable assets – **their ability to work and earn a living.**

When Disability strikes, your ability to earn an income becomes interrupted, however, your monthly bills continue. Would you be adequately prepared to cover present and future financial obligations if you were to fall sick or become disabled and not able to work for a short period?

Consider the Following...

- **44% of employees surveyed in MetLife's 12th Annual Employee Benefits Trends Study are very concerned about meeting financial obligations.¹**
- **57% of employees surveyed by MetLife said that they are very concerned about financial security in the event of a disability.¹**
- **Just over 1 in 4 of today's 20-year-olds will become disabled before reaching age 67.²**

Eligibility Requirements

All Active Full Time Employees working at least 30 hours per week are eligible to participate.

How is "Disability" Defined Under the Plan?

Generally, you are considered disabled and eligible for short term benefits if, due to sickness, pregnancy or accidental injury, you are receiving appropriate care and treatment and are complying with the requirements of treatment and you are unable to earn more than 80% of your predisability earnings at your own occupation.

For a complete description of this and other requirements that must be met, refer to the Certificate of Insurance/Summary Plan Description provided by your Employer, or contact your MetLife benefits administrator with any questions.

What is the Benefit Amount?

If you enroll for coverage during your group's initial open enrollment period, you select the amount of weekly benefit that is right for you. Choose any weekly benefit amount in increments of \$50 per week, subject to a minimum of \$100. The maximum benefit amount is 60% of your gross weekly earnings or \$1,000, whichever is less, (rounded down to next \$50 increment).

If I do not enroll during my group's initial enrollment period can I still purchase coverage at a later date?

If you choose coverage after the initial open enrollment, you will be limited to a \$100 weekly benefit amount at the next annual enrollment. At subsequent annual enrollments you will be limited to increasing your weekly benefit coverage by \$50.

When do Benefits Begin and How Long do They Continue?

Benefits begin after the end of the elimination period. The elimination period begins on the day you become disabled and is the length of time you must wait, while disabled, before you are eligible to receive a benefit. The elimination periods are as follows:

For Injury: 7 days.

For Sickness (includes pregnancy): 7 days.

Benefits continue for as long as you are disabled up to a maximum duration of 25 week(s) of disability.

Your plan's maximum benefit period and any specified limitations are described in the Certificate of Insurance/Summary Plan Description provided by your Employer, or contact your MetLife benefits administrator with any questions.

What is the Monthly Premium?

To determine your premium, refer to the chart below that shows monthly premium for all ages and each amount. Premiums are based on your current age as of the effective date of coverage. At each policy anniversary, future costs will change as your age increases. **Please note, the maximum benefit amount cannot exceed 60% of your gross weekly earnings or \$1,000, whichever is less, (rounded down to the next \$50 increment).**

Answers to Some Important Questions...

Q. Are my benefits taxable?

A. If you pay your premium with after-tax dollars, your benefit in the event of a disability would be tax free. Taxation of benefits can occur if all or a portion of the benefit is paid for with pre-tax contributions³.

Q. Can I return to work part-time and still receive benefits?

A. Yes. As long as you are disabled and meet the terms of your Disability plan, you may qualify for adjusted Disability benefits.

Your plan also offers financial and Rehabilitation incentives designed to help you to return to work when appropriate, even on a part-time basis when you participate in an approved Rehabilitation Program.

With the Rehabilitation Incentive you can get a 10% increase in your weekly benefit.

While disabled, you may receive up to 100% of your predisability earnings when combining benefits, Rehabilitation Incentives, other income sources such as state disability benefits, and part-time earnings.

You may be eligible for the Moving Expense Incentive if you incur expenses in order to move to a new residence recommended as part of the Rehabilitation Program. Expenses must be approved in advance.

Following the 4th week of return to work the Family Care Incentive provides reimbursement up to \$100 per week for eligible expenses, such as child care.

Q. Are there any exclusions for pre-existing conditions?

A. Yes. Your plan may not cover disability due to sickness or accidental injury for which you received treatment in the months prior to your participation in the plan. A complete description of the pre-existing condition exclusion is included in the Certificate of Insurance/Summary Plan Description provided by your Employer or contact your MetLife benefits administrator with any questions.

Q. Does my benefit have any offsets?

A. Yes. The STD benefit replaces a portion of your predisability earnings, less the income that was actually paid to you for the same Disability from other sources⁴ (e.g., state-mandated benefits, no-fault auto laws, sick pay, Workers' Compensation, etc.)

Q. Are there any other exclusions to my coverage?

A. Yes. Your plan does not cover any Disability which results from or is caused or contributed to by:

- War, whether declared or undeclared, or act of war, insurrection, rebellion or terrorist act;
- Active participation in a riot;
- Intentionally self-inflicted injury or attempted suicide;
- Commission of or attempt to commit a felony.

• In addition, no payment will be made for any disability caused or contributed to by elective treatment or procedures, such as cosmetic surgery, sex-change surgery, reversal of sterilization, liposuction, visual correction surgery or in vitro fertilization, embryo transfer procedure, or artificial insemination.

However, pregnancies and complications from any of these procedures will be treated as a sickness.

Additionally, no payment will be made for a disability caused or contributed to by any injury or sickness for which you are entitled to benefits under Workers' Compensation or a similar law.

Other limitations or exclusions to your coverage may apply. Please review your Certificate of Insurance/Summary Plan Description provided by your Employer for specific details or contact your MetLife benefits administrator with any questions.
